

oppose HR 4026! NAB's petition 04-160

As an American citizen and feel I have the right to make choices and not have them made for me and my wife. We are XM radio customers and occasionally do still listen to regular broadcast radio but my feelings are Xm offeres me a choice . XM is not stopping NAB from offering services so why should NAB have the power to stop XM radio from offering me a choice . Choices that as an american I have the right to make.

Thank You for Listening
